About Me

I am honest, direct, and value open, clear communication. I gladly express my own opinions, am receptive to constructive feedback, and continuously seek personal and professional growth. I am goal-oriented, efficient, and engaged in productive activities.

Education

NTNU – MSc in Project Management Engineering

Trondheim, 2025–present

NTNU – BSc in Renewable Energy Engineering

Trondheim, 2022–2025

Exchange semester: UPV (Valencia), Fall 2024

Technical Position

GridVille EWB – Electrical Engineer

NTNU Trondheim, 2025–present

Contributing to the development of a microgrid providing sustainable energy solutions to areas lacking stable electricity access. A part of the planning, building, and testing solar, wind, and battery systems to deliver reliable power.

Skills

Technical: Autodesk Inventor, MATLAB, SimaPro, PVsyst, Python, Java, JavaScript, CSS, HTML, LaTeX

Languages: Norwegian (native), English (fluent), Spanish (basic)

Experience

Mio BPA, Personal Assistant

Trondheim 2022 → present

Assist a young boy with daily tasks, strengthening his independence. Balanced the needs of both parents, child, and coordinator.

Bergene Holm AS, Production Worker

Kvelde 2021 → 2022

Performed tasks in the production line, quality control, and safety. Worked in a structured, independent, and goal-oriented manner.

Personal Projects

All Together – Charity project creating background music for a good cause.

alltogetherofficial.com

The Quiet Hub – A platform for music designed to support focus and relaxation.

thequiethub.com

brortobias.no – My personal portfolio website.

Additional Experience

Youth With A Mission, Volunteer Work

Hawaii/Colombia, 2022

Cross-cultural collaboration and adaptability

Lived abroad while doing volunteer work in an international environment. Developed skills in collaboration, cultural understanding, and problem-solving in challenging situations.

Norwegian Armed Forces, Guard Soldier

Oslo, 2020 → 2021

Cross-cultural, direct communication and high responsibility

Controlled incoming and outgoing traffic, carried out security checks, handled unforeseen incidents, and followed all orders in close collaboration with superiors at Lutvann camp.

Café Sliperiet, Barista

Larvik, 2019 → 2021

Service, efficiency, and operations in fast-paced environments

Worked with customer service and food preparation in a busy work environment, developing strong skills in efficiency, customer communication, and problem-solving.
